Research shows every \$1 invested in Meals on Wheels generates \$50 in healthcare cost savings.

AVERAGE COST OF:

One meal & wellness check: **\$12.00**
One day in hospital: **\$2,883**
One month in nursing home: **\$8,821**
One ER visit: **\$2,200**

MEALS, MEMORIES & MULTI-GENERATIONAL LOVE

At 99, Anne proves that care, connection, and a hot meal can brighten every day. She looks forward to her Meals on Wheels deliveries—not just for the fresh, nutritious food, but for the smiles and check-ins that bring comfort and routine.

Her son-in-law Ed, a longtime volunteer and supporter, saw firsthand how much the program could help and quickly signed her up. Anne loves the dependable service and the volunteers who make her feel seen and supported. For both Anne and Ed, Meals on Wheels is more than food—it's companionship, peace of mind, and a reminder that no one should face the holidays alone.

FIGHTING LONELINESS: THE SOCIAL MEDICINE EFFECT

This year, **659 volunteers** delivered **15,855 routes**, providing meals, wellness checks, and more to our older neighbors.

MORE THAN A MEAL

Nutrition is medicine, but whole-person care goes even further. By meeting critical needs beyond the plate, we help seniors remain safe at home, manage daily challenges, and avoid emergency situations. These “more than a meal” services extend the healing power of our mission.

A VISIT THAT RESTORED CONNECTION

When Meals on Wheels couldn't reach Finis, a 98-year-old WWII veteran, volunteer Brian sensed something was wrong. When Brian stopped by to check on him, he uncovered barriers that had unintentionally cut Finis off from services.

Finis valued independence and had quietly gone without meals, grazing on leftovers rather than asking for help.

Brian's visit also revealed outdated emergency contacts and serious hearing challenges. He reached out to the Meals on Wheels office and was promptly put in touch with staff member Cindy, who stepped in with care and clarity.

Together, they restored more than meals—they restored connection, dignity, and reassurance that Finis was not alone.

TRIO CENTRAL KITCHEN

In July 2025, Meals on Wheels North Central Texas opened the TRIO Central Kitchen. All meals are now prepared in-house, allowing for fresher ingredients, enhanced menus, and greater variety.

This investment improves both quality and consistency while expanding our ability to offer freshly made, diabetic-friendly and heart-healthy meals.

Built with our senior neighbors in mind, the TRIO Central Kitchen helps ensure every meal delivers nourishment, dignity, and moments of joy—because food is more than fuel; it is medicine.
